Report of School Board

For the Fiscal Year Beginning July 1st, 1930. Ending
June 30th, 1931

To the Citizens of the Town of Temple:

The Board of Education of Temple respectfully submit its annual report with that of its Treasurer, Superintendent and Auditors.

We feel we were most fortunate in securing Miss Georgia Rowell as teacher in our Grammar Room. It was with the deepest regrets we were obliged to accept the resignation of the late Mable Willard. With the community we mourn the loss of a sterling character and great teacher. The vacancy was filled by one of our former teachers, Miss Helen Rideout. We feel that the work accomplished this year deserves much credit for the pupils and teachers.

We appreciate much the gift of a piano from Mr. and Mrs. William Sanborn.

We have tried to give all expenditures our conscientious consideration and hope that when you have carefully examined the reports of your district officers, they will meet with your approval.

We will be pleased at the annual meeting to advise in regard to the work that has been done thus far in 1931-1932 and to recommend the appropriations necessary for the fiscal year beginning July 1st, 1932 and ending June 30th, 1933.

Report of Superintendent of Schools

To the School Board and Citizens of Temple:

I submit my ninth annual report as Superintendent of Schools.

ORGANIZATION

Our experience of the past two years with inexperienced teachers in the Grammar Room is too well known to require comment. The situation demanded an experienced teacher and we were fortunate in finding such a woman in Miss Georgia Rowell, who took charge of the Grammar Room last September. Under her skillful guidance the children of this room are making a very satisfactory recovery from the condition they were in at the beginning of the year. We are hopeful that none of them will be obliged to repeat a grade because of that condition.

The loss by death of Mrs. Mabel P. Willard, who took charge of the Primary Room last September, is greatly to be regretted. She had served faithfully and successfully in that room several years previously and was respected and loved by all. In the emergency we were again fortunate that Miss Helen Rideout had sufficiently recovered her health to return to this position. The work is going on satisfactorily in this room.

Miss Anna G. Smith is carrying on the work in music as she did last year with much greater success because of the improved general condition in the school as well as her own experience. It was thought best to discontinue the special work in Drawing which Mrs. Leighton had conducted so successfully for the past two years. The fact that the pupils of the Grammar Room were seriously retarded in their general school work was the factor that influenced us in this change.

The statistical tables at the end of this report show that there has been no material change in the enrollment or attendance since my last report. The amount of tardiness is excessive but there seems to be a little improvement in that respect this year.

SUPERVISION

In the past two years I have been able to increase the proportion of time devoted to school room supervision so that for the current year it amounts to 65% of my total time; 25% is devoted to office work which includes the tabulation and study of teachers' tests and standardized tests, and the remaining 10% is devoted to other activities including School Board Meetings, conferences and visits outside the district.

The testing program is being conducted along the same lines as described in previous reports. In addition, I have this year begun a practice of making special reports to the parents as to their children's success in these standardized tests. The results of the Stanford Achievement Tests given in January are now being sent out to the parents, and the results of the reading tests in the Primary Grades will be sent out later on. These reports are intended to give to the parents an opportunity of making the same comparison, between the standing of their children in these tests and the teacher's marks, that we have been making and using for the past three years or more. We are using standardized tests that are in general use throughout the country and have been perfected to such a degree as to furnish a very reliable measure of accomplishment in the grades for which the tests are standardized.

A general invitation is extended to parents to confer with the Superintendent and teachers, for there is much that we are able to tell in a conference that it is impossible to put into a written report.

MEDICAL INSPECTION

The annual Medical Inspection was made last September by Dr. Pease and Mrs. Gilbert who report the following results:

Number of children examined	39
Number of children absent	7
Defective teeth	21
Enlarged or diseased tonsils	6
Poor posture	2
Adenoids	2
Infantile Paralysis	1
Skin disease	1
Unvaccinated	2

(One of the unvaccinated pupils has complied with the law by being three times unsuccessfully vaccinated, and the other was excused because of poor physical condition.)

THE BUDGET

The various items of the budget submitted for 1932-1933 do not differ materially from last year's budget, but Temple will receive something over \$100 more state aid next year than this year. A careful estimate indicates that we should have a balance at the end of the current year of sufficient amount to permit us to apply \$400 to the reduction of the amount to be raised by taxation. The total sum recommended to be raised by taxation is \$4,316.97 as compared with \$4,835.98 a year ago.

The interest and co-operation of the School Board and citizens is as greatly appreciated as it has continually been during my period of service in this district.

Respectfully submitted,

VERNON S. AMES
Superintendent of Schools
